

About Robby Selph, CPA

I was born in Camden, AR and am married to Carrol Selph, a Kindergarten teacher at Texarkana Arkansas School District. We have two sons | Drew age 24, a graduate of Texas A&M Texarkana | Trey age 21, a student at Southern Arkansas University. Carol and myself are proud grandparents to Malee Ann. (Papaw has lots of pictures and videos.) We also have two dogs, Mattie Grace and Mollie Brown, both miniature Daschunds.

I grew up in Haynesville, LA and graduated from Southern Arkansas University in 1981, with the help of some understanding professors. I passed my CPA exam in 1984 (that took an effort) and am licensed in Texas and Arkansas.

Some things that I like to do are fishing (come by my office and take a look), deer camp (not necessarily hunting), relaxing with my kids and friends, sitting on the porch guarding the smoker, and listening to Arkansas Razorback football games on Saturday. I'll play golf - I swat'em when the fish aren't biting. I get to play golf with Drew, he can really hit a ball. And I enjoy our annual family vacation to the beach, usually about 15-20 people, for a nice and lazy week. Your golfing, hunting, and fishing stories are always welcome at my office.

I've been representing taxpayers since 1986. If you hire me, you are done talking with the IRS. That's right, I do that for you. I understand the physical and mental toll a tax problem can have on you. Call me and let's get started on a solution!

About Joey Friday, CPA

I grew up in Lockesburg, AR and graduated from Ouachita Baptist University in 1980. I've been married to Susan Friday since November 12, 1981. We have two sons | Joshua a graduate of Texas A&M Texarkana | Micah a graduate of the University of Arkansas Fayetteville.

Most small businesses' accounting problems can be addressed with Quickbooks. We absolutely love Quickbooks and our clients do too. It's the best thing invented since the personal computer, in our opinion. Our clients have better records than ever because they use Quickbooks. We have taught over a dozen of our clients how to successfully use and implement it in their own businesses.

Robby and I have some good laughs each April 15th. On that day, prospective clients call us and asks "Do y'all take new clients? I just called another CPA and they told me they aren't taking new clients." We really get a kick out of the fact that CPA's turn down business near April 15th. We think that is what extensions are for. From the beginning, our policy has been "business is great and we're looking for more".

Selph and Friday CPAs began business operation on November 1, 1986. We were optimistic we could make our business work. Since we started with nothing, our motto has always been, "We have plenty of customers, we just haven't met them yet."

We focus on income tax preparation and taxpayer representation for small businesses and individuals. People came to us to solve tax and accounting problems. Our mission is to solve taxpayer's problems.

Income tax season is not something we gripe about, it is an opportunity to meet new people and serve their needs. We will expedite the preparation of your income tax return. Many times your return is completed at your initial visit. If you need more time to file, we will gladly prepare you an extension upon your request. When you select Selph and Friday, you have hired a preparer that can handle all of your IRS issues.

At Selph and Friday, we are excited to have you as a customer, just as we were in 1986 when we got our first customer.

IRS PROBLEMS

Is an IRS problem affecting your everyday life? Do you know what to do or who to turn to?

Selph and Friday is a CPA firm located in Texarkana, TX with over 20 years of experience in helping taxpayers. We will meet you face to face to discuss your situation. IRS notices are lengthy and difficult to understand. We will explain what everything means and how it will affect you.

With a valid power of attorney in hand, we can handle most communication and meetings with the IRS revenue agents and officers. You generally don't have to talk to the IRS when we represent you.

There is NO cost for your initial meeting with us. We want to review your situation and determine if we can reasonably expect to help you before we discuss any fees. If we think we can help you, then a fee will be arranged for the service provided.

Our tax representation services include, but are not limited to:

- Unfiled tax returns
- Liens and levies
- Payment and collection agreements
- Offer in compromise
- Audits and examinations

TAX PREPARATION

We love tax season because taxes are what we do. We like to prepare your return in a timely manner. Many of our 1040 clients get their return prepared on the first visit.

We do the following tax returns:

- 1040's (large and small) for individuals
- Small businesses, corporations, and partnerships
- Payroll reporting, W2's and quarterly reports

ACCOUNTING

We want you to have the most workable and cost efficient record keeping system possible. We can design a system that works for you.

Our services include but are not limited to:

- Financial statements, prepared on the income tax basis
- Posting of your transactions to the general ledger
- Assisting you on an as-needed basis with your bookkeeping
