## About Us

The Insurance Helpline is a New Zealand owned and operated service with highly experienced and appropriately registered Insurance Brokers here to help you with your questions, particularly in regards to NZ Funeral Insurance.

## Why Funeral Insurance

Protect your loved ones so they do not have to worry about how to pay for your funeral. A funeral plan will remove all those worries. Most of our customers purchase funeral insurance so that their loved ones will not be burdened with a large financial cost at the very time they are also grieving a loss of a partner or parent.

# Funeral plan comparisons

We will provide you with a comparison chart showing details of the 12 main New Zealand funeral insurance covers so you can choose your best option. These insurers currently include all the well-known funeral insurers such as Cigna Life, AA Life, Pinnacle Life, Fidelity Life, State Insurance, AMI and others.

We are not agents for all insurers but our clients tell us that they find it helpful when we include all main insurers in the comparison chart. Where we are not agents the information has been obtained from publicly available information such as from their website or own brochures.

## Key features
