# Tools

Independent Pipe and Steel, Inc. has been serving the steel pipe industry since 1982. We are located in Bakersfield, California on 40 acres with rail service. We buy and sell new, used and structural pipe throughout the United States.

Our pipe is used for piling, boring, dredging, fencing, oil production, and sign poles to name a few applications.

We can cut and weld to size, clean, and straighten pipe. IPS is committed to customer service, honesty and integrity. Our goal is to supply the necessary quality of pipe for a job, at the best price, on time. We do not oversell our products. Although Independent Pipe & Steel strives to ensure the integrity and the accurateness of the data
